

Sponsorship, Exhibition and Demo Space

INC2017 will bring together the Positioning, Navigation and Timing community around three major themes: Autonomy, Resilient PNT and Sensor & Data Fusion.

An extensive exhibition and demonstration space is available. All refreshments and lunches will be served in the exhibition and demo space on the first floor. The space is large enough to offer the potential for exhibitors to demo new technology or approaches aligned with the conference themes. All refreshment and lunch breaks will be served only in the exhibition and demo space.

Exhibitors will be featured on the conference web site and will be given prominence in all conference materials.

Demos will also be featured in pre-conference materials and introduced to the conference attendees in plenary prior to the agreed demo time(s).

Sponsorship packages are available. Indicative offers are shown below and may be tailored to meet sponsor and promotion needs.

Free exhibition offer for Micro Companies: 9 people or fewer and turn over of less than Euro 2M. Please contact us for further information.
